‘The Orpington Outlook’
July 2015 National Show Report Edition

Established in 1985 the Orpington Club of Australia is dedicated to promote and protect this stately breed.
‘We do best what we do together’

From the Presidents Shed.

Well, do shows get better than our 25th Anniversary Show?

I think not!

The good cheer and friendly atmosphere which we've all come to expect from an Orpington Club Show was alive and well at Dubbo. The administrative team of Jayne Stannard, Suzanne Knight and Martin Doulton once again made the show run like a well-oiled machine. These ladies and gentleman set a "Rolls Royce" standard for show administration and we are oh so lucky to have them. Thankyou team!

At the Dubbo end, Bob Stanley, take a bow sir. Your Clubs pavilion, organisation and hospitality were all first class. Thank you for a sterling job.

A big thank you to the judges Dale (Ashton) and Ken (Bergin). Both did an excellent job of adjudication with Dale facing some huge classes of very even fowls. He was up to the task though, and did a fine job with his placings. Thanks guys.

Lastly, but certainly not least, a huge thankyou to you the members made the effort to get to Dubbo. You are what it's all about and you did yourselves and your birds proud.

It was great to see the contingent down from Queenslanders and put faces to names. You are all part of the Orpington "family" and you have some very fine fowls. We Southerners need to be on our toes as this Queensland group are red-hot keen, "locked and loaded" and ready to go! Excellent also to see the return of master Orpington breeders Rose and Ross Gibson after a short absence, it's great to have you back.

Well, I had a marvellous time at our show as I hope all of you who came did. The cycle begins again and I am as keen as mustard to start penning up breeders and getting out chicks. However, Crookwell is not known for its warm winters so I shall just have to wait till the girls decide its warm enough to lay. I'm told patience is a virtue, but I'm not so sure!

Cheers till next time,

Simon Beven

Proud President of the happiest poultry club on Earth

Round the Traps from the Secretary.

In echoing President Simons words I can only agree wholeheartedly that the 2015 National Orpington Show was one of the most 'National' shows the Club has had. Trying to find a National show venue that encourages all members to attend is never easy.

As mentioned previously Dubbo as a venue for a National Club is virtually equidistant for Victorian and Sth Qld members alike. In fact, 80% of exhibitors at this year's show each travelled over 1800kms and drove for around 23 hours to get/from the show. As one who did this 'exhausting' trip it was well worth it! As always the camaraderie was wonderful; the opportunity to meet some new chums who one has only ever emailed or spoken to over the phone was not lost and to see fowls from another state was a great learning experience all round. The amazing thing that I took from this event was that Orpingtons that are bred in NSW, VIC and Qld do actually look the same!!!!

The AGM was conducted in great spirits, our bank balance is healthy and the great challenge that was thrown out at the event was how do we continue to build on this truly National experience? As you will see from the notes taken there is a process being undertaken as we speak to see how we can accommodate different options for the greater good of the Club, its members and obviously the Breed in 2016.

It was also a privilege to be able to present to our members a personal message from our Patron – a copy of which is replicated in this edition. His message and forward looking to celebrating the 130th Anniversary of the Black Orpington debut in 1886 is one that the Club is keen to promote and support- more on that in the next issue.

As always in this National Show edition of the Outlook, there is a class by class award by award breakdown as well as pics of the winning birds (which are also on our Website and FB pages). Of the 206 birds exhibited 41% travelled from Qld, 35% came up from Victoria and 24% hailed from NSW and pleasingly the awards were spread amongst those three states! While the entry of Large fowl dominated that of the Bantams this time the quality of birds on show was as good as it ever has been. It was encouraging to see the support for the inaugural Weird and Wonderful section too again another big step forward for the Club to embrace the future!

I would like to record my personal appreciation to those that made my job as your secretary so much easier at this show. Take a bow Simon, Jenny, Suzanne, Brenton, Bob, Angus, Keith, Dale, Ken, Sonya, Jayne and Dennis!

Cheers for now

The Orpington Club of Australia 2015 AGM – Presidents Report

In this the 25th anniversary year of the Orpington Club of Australia, I think our founders would be most pleased with where the club and breed is today. Thanks to you, the members, we have a vibrant, happy club dedicated to the grand Orpington fowl.

From the feedback I have received in the year past it would appear that the passion for our breed and its continual improvement continues on apace, indeed the fowls we see before us today are proof-positive of that observation.

I would also like to mark this address with an acknowledgement of one of our founders, Rob Lavender, who sadly passed away last year. Rob was one of the prime movers in actually creating our club and over the years made, in many ways, a vast contribution to our beloved Orpingtons. His successes where many and if it was not for him and fellow founders Jim Blatch and Charlie Bishop, we might not be where we are today. A heartfelt thankyou Rob Lavender.

An outstanding feature of our club is the collective willingness of our members to help each other in their Orpington endeavours. I am most grateful to you, the members, for fostering this approach both to and for each other. As long as this pivotal feature continues, our club will continue to thrive. It makes me, a president with trainer wheels on, a very happy fellow !

My very best wishes to you all,

Simon

The Orpington Club of Australia 2015 AGM – Secretary's Report

In presenting my third report as your Secretary I would like to acknowledge the passing of one of Life members Robert (Rob) Lavender only a few days after our 2014 National Show. Rob had been unwell for quite some time but his passion for Orpingtons remained clear throughout. One only has to view the early records of this Club to see the hard yards that Rob put in as Club Secretary to help make the Club achieve the solid base it now enjoys.

In the 30 years since the Clubs formation in 1985 technology has changed our world immeasurably. The growth of social media and nearly everyone having access to smart devices has meant many changes to the way in which our Club operates.

For instance in 2015 the Orpington Outlook was distributed to 104 of our members electronically – saving the Club many hundreds of dollars in post and printing costs - and the planet many pieces of paper. In addition the Clubs Facebook group has grown from 0 this time last year to now having 288 'members' and the Orpingtons of Oz FB group has doubled to over 600 members at the time of writing this report. . The FB posts are many and varied most of which seem to indicate lots of interest in the breed but not everyone who keeps them is into showing them. The FB topics also help the Club track the key areas of interest that people want to find information on. This in turn helps the Club develop more in-depth articles for its members that are on trend! Somethings never change though and that is the search for quality stock which almost always has demand outstripping supply!

So is the Orpington Club of Australia membership and Colour popularity data any different in 2015 to 2014. In a nutshell the answer is yes but the trend data (comparing 2015 to 2013 data) is actually even more telling!

Membership

	2014-15	2013-14	2012-13	2011-12	2010-11
Total Number	113	102	109	82	45

2014-15 members who were members in.....	113	74	52	39	25

Table 1 Membership Summary

The Membership Summary Table 1 highlights a 10.7% (11) surge in active membership subscriptions in 2014-15 from the previous year. Of note is that 39 new members joined last year while 28 members from 2012-13 did not renew. Again the last row shows that of the 113 2014-15 members only 25 were members in 2010-11. The top reasons for non-renewal continue to be increasing feed costs, no longer keeping Orpingtons, personal matters eg relocation/job changes and simply just plain forgetting to renew!

Table 2 shows the mapping of membership by state. The figures show that 37% of our members live in Victoria with that state having grown by 45% (13) in member numbers in the last two years. While NSW grew by 3% last year overall it is still 27% lower than in 2013 (12). Member numbers continue to tumble in South Australia whereas the other states and territories have all grown in numbers. Growth in numbers might also mirror the FB traffic which indicates greater numbers of quality stock being put up for sale and the rise in reliable pet transport carriers as being a couple of reasons for this data.

	NSW	VIC	QLD	SA	TAS	WA	ACT	Overseas
2014-15	33	42	11	5	6	10	2	4
2013-14	34	32	10	9	3	7	2	7

Table 2. Membership by State/Territory

My question is what do we have to do to get these friends to join the Club or do we just respect that as a single breed club our numbers are reasonable?

Colours From the membership data Large Colours are more popular with members than Bantams by a ratio of 5:1. (A growth of 20 % in the past year). The following table shows an increase in all Large Standard Colours (other than Cuckoo) with less members breeding nonstandard colours in Large. Perhaps the most significant growth has been in members owning Large White in 2015 but also with Large Splash and Large Blues over two years. It's great to be able to report an increase in Bantam Black breeders in the last 12 months with Buffs and Blues at least holding their own. The other colours remain in Cinderella status at best.

	Black	Blue	Buff	White	Cuckoo	Splash	Other
Large 2015	59	54	51	24	13	27	8
Large 2014	56	50	47	18	14	26	11

Members Services

Four editions of the Orpington Outlook were published during the year of which 86% were emailed saving the Club some \$4000 plus if they had been copied and printed in colour.

Those members on email also received copies of the Newsletters and information from our Sister Clubs in the United Orpington Club, Landsklubben of Denmark, the Buff Orpington Club UK and the UK Orpington Club. All previous publications have now been posted on the website thanks to the skills of our webmaster Jenny Stewart.

Show numbers. The Club held its National Show in Queanbeyan NSW in June 2014 and supported a show in each state (5) plus the support of the UK and Buff Orpington Club shows in England.

Orpingtons continue to be benched in reasonable numbers at key Local shows and with changes to the length of penning periods are also increasing cross the Royal Shows. We often read about results and photos on Facebook which helps promote the breed but also educates those who can't make shows on what the winning birds are looking like this year- most of the times that good!

For 2016 the Clubs challenge is to support the 'Olympic' show scheduled for Sydney as well as cater for those members who can't attend it! Hopefully by continuing to increase the number of opportunities for Orpington breeders to meet and compete for Club ribbons we are hoping that this action might encourage those who aren't members to join up and those who are members to compare their stock and fly the Orpington flag.

Finally pretty much everything about the Club is going well. Finances are strong, we have a Facebook page and hopefully the images of our show winners in the Orpington Outlook (and on the website) is a good reflection of the quality of the modern day Orpington.

The Club is only as strong as its members and those who work for it and we are particularly blessed to have a passionate President in Simon and some willing supporters in Blue, Dallas, Jayne, Jenny, Suzanne and Sonya, Sue to name but a few. I hope those who started the Club would be proud of the progress and the status of where we currently are. The camaraderie when Orpingtonian's get together to is quite special and to share the great friendliness and respect that we have for each other is something I would encourage all our members to try and experience at least once a year!.

As a Club and as a Club member we each have a duty to Preserve, Protect and Promote this Stately of Heritage Breeds by ensuring that the Orpington as a breed is not devalued or derailed by false advertising. This is not a challenge solely confined to Australia and our excellent links with the UK, USA, RSA and Europe will no doubt help us to best address these common issues globally.

Cheers for Now

The Australian Orpington Club Show at Dubbo

This year the Aussie Orp club
Held it's annual show,
In the Central Western New South Wales
Business hub of Dubbo.

The pavilion was a beauty,
All the pens were set to go,
The fowls all looked fantastic
With their feathers all aglow.

Lots of birds shone on the day,
Making the judging slow,
Moving winners from their pens
To fill 'The Champions Row'.

Bantams and Large competed
For 'Colour Champion' of the two,
Leaving the judges slaving
To find the 'Best Bird in Show'.

Finally a bantam
As black as a shining crow,
Stood out a worthy winner
He made his owner glow.

Proud as punch the owner thanked
Judges and opponents in a row,
The highlight of the day was
The rooster crowed to tell us so.

That night at the annual dinner,
When the beer began to flow,
We ate until we feared we'd burst,
Great Orp Show at Dubbo!
